

Share the Circus Ticket Donation Program

Each year, Circus Flora offers St. Louis an amazing Big Top production featuring world-renowned circus artists, such as The Flying Wallendas, and local favorites, such as The St. Louis Arches youth acrobatic troupe.

With the goal of making the magic of circus accessible to all, Circus Flora established the *Share the Circus* program in 2003. The goal of the program is to work with area nonprofit organizations to provide tickets to children and families in underserved communities who face barriers to participation in the performing arts.

This year we would like to invite your organization to join us June 1 – 25 for **Undercover**.

Thanks to the support of generous corporate sponsors, foundations and individual donors, Circus Flora is pleased to be able to offer a limited number of free and reduced-price tickets through the *Share the Circus* program in 2023! Please note the following:

- **Application deadline is May 12, 2023!**
- Tickets are limited and subject to availability.
- *Share the Circus* tickets are only available for select dates during the performance run.
- You must be able to provide chaperones and transportation to the performance.
- Tickets will be available at the Circus Flora Will Call window one hour before show time. Your tickets must be picked up at the Circus Flora Will Call window of the Box Office trailer at least 15 minutes before show time or they may be released.
- Please give Circus Flora at least a 48-hour notice if you are unable to use your tickets.
- Upon approval of your application, a confirmation email will be sent to the contact given below.

If your organization is interested in receiving tickets to a 2023 Circus Flora performance, please complete this form and email attachment to marie@circusflora.org. Also note, that the contact person listed for the organization will be asked to fill out a brief survey about their experience at Circus Flora this season, especially with Share the Circus. We encourage and thank you in advance for your feedback!
